

I share because I care

Seeing what sharing is all about will help children to understand that when we share it shows that we care.

Lets create a collage of pictures.

Contents:

- Certificate

Instructions:

1. Each student is to bring in 3 pictures of people sharing (use old magazines, colorful pictures)
2. Over the next few days, get the students to sit down in a big circle. Ask 4 children to stand up and discuss their pictures, expressing why the picture is about sharing.
3. The students will glue their pictures on a large mural sheet. If no mural paper is available then tape the pictures on the wall (use the wall as your mural sheet/ make a border around the mural before or after it's done).
4. When the mural is done give out certificates.
